This book contains shocking revelations on how third world developing countries become subservient to economically powerful giants even having to cover up major frauds perpetrated on sovereign states and its impoverished people. Author discovers fraud in the construction of Colombo Hilton hotel by Japanese companies Mitsui Co Ltd, Taisei Corporation, and Architects Kanko Kikaku Sekkeisha Yozo Shibata Associates with technical assistance from Hilton International USA. Author successfully establishes a strong case of fraud before the highest judiciary with Japanese unable to answer interrogatories ordered by court attorney generals and secretaries of finance at the behest of successive presidents of the country. Require such fraud to be settled without prosecution consequently author insists and obtains write offs of US 207 million in June 1995 on fraudulent claims of the Japanese on state guarantees. Author persists on several conditions which the government agrees including an undertaking by the state to take legal action against members of Securities Exchange Commission SEC for dereliction of duties on inaction on such fraud in a public company. Notwithstanding author’s complaints this condition affected Justice minister subsequently minister of external affairs as a former SEC member resulting in him precipitating perverse controversies causing colossal loss to the company and the state frustratings the settlement resulting in the author suing him and a courageous justice ruling in author’s favour in striking out the answer of his own minister for duplicitous stances. The courageous justice later being gunned down by a drug cartel author in his crusade risking his life to combat corruption at highest echelons of society faces malicious capricious actions with vexatious litigations resulting in him applying to court to wind up the company and the
government arbitrarily unilaterally enacting law to acquire the company ???

analyses the bold attempts of the Thai government to encourage state universities to move to autonomous governance and management systems used for universities that are similar to government departments are often inadequate for the increased responsibility of autonomy in this book Dr Wasan details the process of transition including some pitfalls over a five year period as Thaksin University evolved to become autonomous including history, accounting and foreign inputs. The book provides a narrative of the policy and procedural changes needed to make autonomy work complemented by surveys of two other universities and users of the new procedures. The book concludes that the continuous improvement resulting from proper budgeting offers a benchmark for government universities seeking to improve their efficiency and effectiveness. It is a wise book insofar as it does not claim that there is one path to follow. Those concerned with university management particularly in Thailand and the region will find this is a book they keep at hand for many years.
