Through a glass darkly a novel (Download Only)

Through a glass darkly tells the story of Ron Hennessey, an Iowa farmer who returned from the Korean War to discover that farming no longer held much allure. Hennessey joined a Catholic missionary society and after nine years of study was ordained a priest and sent to Guatemala. The book describes Hennessey's conversion from being an unapologetic patriot to a staunch opponent of Ronald Reagan's policies in Central America. Policies that occasionally threatened Hennessey's life. Hennessey's story has a subtext: America's ideals of freedom, democracy, and progress with justice have been violated abroad by one U.S. president after another. In a glass darkly is a collection of five different tales presented as selections from the posthumous papers of the occult detective Dr. Martin Hesselius. The novel, which is taken from 1 Corinthians 13:12, is a deliberate misquotation of the passage which describes humanity as perceiving humanity as seeing through a glass darkly.

Green tea, an English clergyman named Jennings confides to Hesselius that he is being followed by a demon in the form of an ethereal monkey invisible to everyone else which is trying to invade his mind and destroy his life. Hesselius writes letters to a Dutch colleague about the victim's condition which gets steadily worse with time as the creature steps up its methods. All of which are purely psychological. Jennings is a sea captain living in Dublin stalked by the watcher, a strange dwarf who resembles a person from his past. Mr. Justice Harbottle, a cruel judge in the court of Common Pleas, finds himself under attack by a monstrous doppelgänger. The story is set between 1746 and 1748.

Faustina Coyle, a young teacher from an exclusive girls' school in upstate New York, is threatened when Hennessey visits her. She befriends her fiancé, Detective Psychologist Dr. Basil Willing, to investigate a town in the Catskills. Faustina's story has a subtext: America's ideals of freedom, democracy, and progress with justice have been violated abroad by one U.S. president after another. In a glass darkly is a collection of five different tales presented as selections from the posthumous papers of the occult detective Dr. Martin Hesselius. Through a Glass Darkly 1997: In a glass darkly is a collection of five different tales presented as selections from the posthumous papers of the occult detective Dr. Martin Hesselius. The title is taken from 1 Corinthians 13:12, a deliberate misquotation of the passage which describes humanity as perceiving the world through a glass darkly. Green tea, an English clergyman named Jennings confides to Hesselius that he is being followed by a demon in the form of an ethereal monkey invisible to everyone else which is trying to invade his mind and destroy his life. Hesselius writes letters to a Dutch colleague about the victim's condition which gets steadily worse with time as the creature steps up its methods. All of which are purely psychological. The familiar a sea captain living in Dublin is stalked by the watcher, a strange dwarf who resembles a person from his past. Mr. Justice Harbottle, a cruel judge in the Court of Common Pleas, Elijah Harbottle finds himself under attack by vengeful spirits and in a disturbing dream he is condemned to death by a monstrous doppelgänger. The story is set between 1746 and 1748.

The Room in the Dragon Volan: Notable mystery story in 26 chapters which includes the theme of premature burial. Carmilla, a tale of a lesbian vampire set in Styria, Austria. This story was to greatly influence Bram Stoker in writing Dracula. Joseph Sheridan Le Fanu 1814-1873 was an Irish writer of gothic tales and mystery novels. He was a leading ghost story writer of the nineteenth century and was central to the development of the genre in the Victorian era. M.R. James described Le Fanu as absolutely in the first rank as a writer of ghost stories.

Through a Glass Darkly 1986: The ideal reading for the hours after midnight, thus Henry James described the style of supernatural tale of which Le Fanu was a master known in nineteenth-century Dublin as the Invisible Prince because of his reclusive and nocturnal habits. Le Fanu was fascinated by the occult and his writings draw on the gothic tradition, elements of Irish folklore, and even on the social and political anxieties of his Anglo-Irish contemporaries. In exploring sometimes inexplicable terrors, the tales focus on the unease of the haunted men and women who encounter the supernatural rather than on the origin or purpose of the visitant. This makes for spine-chilling reading. The five stories presented here have been collected by Dr. Hesselius, a metaphysical doctor and the forerunner of the modern psychiatrist who is willing to consider the ghosts both as real and as hallucinatory obsessions. The reader's doubtful anxiety mimics that of the protagonist and each story thus creates that atmosphere of mystery which is the supernatural experience.
