communion and intimacy with god be bold and decisive even when there s no surf in sight attune your soul to god like a tandem surfboarder and plunge into the waves surrender yourself to the creator just as a surfer abandons himself to an epic wave let go rest in god and allow him to work in your life detach from the false comforts of the world to be free like a surfer leaving the shore enter the ocean s solitude and be transformed to contemplate god face to face humble yourself before the awesome power of god so he can raise you up over the waves devotional insights drawn from the movie soul surfer about bethany hamilton a teenage surfer who lost her arm in a shark attack but returned to the sport tim mcAuley is a spiritual seeker who has been working as a bartender and writing about his observations of the world around him for many years in his debut book it s all about me tim takes us on his journey of coming to terms with difficult life circumstances a life or death decision to get sober and learning to ride the waves not only the ocean surf but the moment to moment exhalation found in living life to the fullest by sharing the tools and techniques he discovered to find his way tim vividly illustrates that we each have the power within to become free of the perceptions that hold us back from living a keenly present and aligned life one in harmony with the happiness and love we are meant to know drawing from his study of the human psyche and spiritual teachings tim delivers an entertaining way of looking at his experiences and the world around him as a mirror to his soul tim believes that he is responsible for his own happiness in this life and that in order to improve anything in the outside world he must first better himself these writings are a testament to the power of self reflection and acceptance as well as an example of how you too can improve your own happiness by looking within and realizing that it s all about me for world class surfer bear woznick the ocean has always been the center of his universe he s spent his entire life with it riding its waves learning from it loving it the ocean also nourishes the soul as bear shows us on his surfboard in deep in the wave readers ride along with woznick through the calmest of tides and most turbulent waves woznick s portrayal of the beauty and power of the ocean is truly inspiring and showcases the profound meaning surfing has had on his life from the way a surfboard is painstakingly crafted to the faith and patience that is required to ride a monster wave woznick weaves his relationship to surfing with his relationship to god relating how the two are often one in the same instead of standing on the shore with our toes in the surf woznick takes us on the board to the deep water to watch and wait and if need be to paddle hard to survive world class surfer bear woznick brings us a powerful and entertaining spiritual primer that uses surfing as a metaphor for moving toward god provided publishers during a lunch we had in 2007 he had just read my awakening the soul the trilogy and challenged me to write a novel incorporating the essence of that tome ala the most successful novel of the millennium dan brown s the da vinci code while soul surfer johnny is certainly no da vinci code it does carry forth that essence of spiritual growth describing a young man s soul awakening the heart of the story however remains his many wild surfing adventures most in puerto but it wasn t planned that way a number of years ago i began compiling a list of topics for my puerto book which i knew i would write some day but i had no plans of incorporating those memories into the book fotinos challenged me to write revealing how to create the spiritual awakening possible within each of us however when i started writing it was immediately apparent where this story was going to puerto where my personal spiritual awakening occurred some 25 years earlier thus the first soul surfer johnny book had a serious underlying story of spiritual awakening that seemed out of place in a surfing adventure novel but it really wasn t because what was being portrayed as happening to johnny really had happened to me and has occurred to others so i knew it was eminently possible i had so much fun writing soul surfer johnny that i immediately started writing this book its direct sequel but with a difference this volume does not have that heavy underlying story of spiritual growth but rather only occasional references to johnny s continuing awakening it s mostly outrageous tales of his many puerto adventures and episodes this book richly continues the adventures of soul surfer johnny the story of an east coast bad boy who becomes a good kid as he learns to surf in the waves off southern california in the process he joins his own sort of gang then ventures south to the big waves of southern mexico he is guided to puerto tranquilo in the late 1970s by several of his fellow tyroon bros gang members who had discovered the fantastic surf break there several years before there he is witness to and participates in a bizarre series of adventures unexpectedly he begins to explore his spirituality and discovers his true inner self for the first time dramatically improving his life like its predecessor this continuing wild tale is almost true however sometimes the actual circumstances are slightly enhanced while conveying the basic truth for example a few wave heights may have been exaggerated occasionally except in the big wednesday chapter which is johnny s true eye witness account but most of the book s stories actually happened as described it makes no claim toward being all inclusive or a legitimate history of the town it s just a lot of mostly true stories about a wonderful little town in southern mexico all stories are re told as accurately as memory serves this special edition of the soul surfer johnny trilogy brings all three books together in one volume with a special bonus chapter of 15 new stories it includes the complete versions of soul surfer johnny soul surfer johnny returns and soul surfer johnny rips intact and unabridged plus a new 12 000 word segment of new stories this in depth photo packed look at the history and culture of surfers is meticulously researched smartly written required reading outside magazine matt warshaw knows Surf Soul 2012-12-25 the almost true story of how a bad boy discovers he s really a nice kid inside through surfing self discovery wild surfing adventures and meditation
Raising a Soul Surfer 2013-07-25 while writing soul surfer johnny the first book in this series i was flooded with so many additional memories of puerto tranquilo that i knew a second book was waiting to be written by the time the first book was finished i had jotted down more than 125 other memorable episodes i was challenged to write the book that became soul surfer johnny by joel fotinos vice president for spiritual books for penguin putnam publishers during a lunch we had in 2007 he had just read my awakening the soul the trilogy and challenged me to write a novel incorporating the essence of that tome ala the most successful novel of the millenium dan brown s the da vinci code while soul surfer johnny is certainly no da vinci code it does carry forth that essence of spiritual growth describing a young man s soul awakening the heart of the story however remains his many wild surfing adventures most in puerto but it wasn t planned that way a number of years ago i began compiling a list of topics for my puerto book which i knew i would write some day but i had no plans of incorporating those memories into the book fotinos challenged me to write revealing how to create the spiritual awakening possible within each of us however when i started writing it was immediately apparent where this story was going to puerto where my personal spiritual awakening occurred some 25 years earlier thus the first soul surfer johnny book had a serious underlying story of spiritual awakening that seemed out of place in a surfing adventure novel but it really wasn t because what was being portrayed as happening to johnny really had happened to me and has occurred to others so i knew it was eminently possible i had so much fun writing soul surfer johnny that i immediately started writing this book its direct sequel but with a difference this volume does not have that heavy underlying story of spiritual growth but rather only occasional references to johnny s continuing awakening it s mostly outrageous tales of his many puerto adventures and episodes this book richly continues the adventures of soul surfer johnny the story of an east coast bad boy who becomes a good kid as he learns to surf in the waves off southern california in the process he joins his own sort of gang then ventures south
to the big waves of southern mexico he is guided to puerto tranquilo in the late 1970s by several of his fellow
tyranny bros gang members who had discovered the fantastic surf break there several years before there he is
witness to and participates in a bizarre series of adventures unexpectedly he begins to explore his spirituality and
discovers his true inner self for the first time dramatically improving his life like its predecessor this continuing
wild tale is almost true however sometimes the actual circumstances are slightly enhanced while conveying the
basic truth for example a few wave heights may have been exaggerated occasionally except in the big
wednesday chapter which is johnny s true eye witness account but most of the book s stories actually happened
as described it makes no claim toward being all inclusive or a legitimate history of the town it s just a lot of
mostly true stories about a wonderful little town in southern mexico all stories are re told as accurately as
memory serves Soul Surfer Johnny 2010-07-13 this special edition of the soul surfer johnny trilogy brings all three books
together in one volume with a special bonus chapter of 15 new stories it includes the complete versions of soul
surfer johnny soul surfer johnny returns and soul surfer johnny rips intact and unabridged plus a new 12 000
word segment of new stories
