contrast theories and techniques to determine when and where to utilise the best skills in order to facilitate client change. Dr. Karin Jordan has compiled a comprehensive text that enables the students to discover each theory as it is presented in its purist form. The text is accessible yet the content provides comprehensive knowledge of each theory. Dr. Jordan has brought together the master educators and clinicians in our fields to write about their particular expertise.

Washington D.C. with Kids, 2002-2003. 2017-05-25. This text for generalist practice courses is also available with a treasure trove of related materials for use in a two or three course practice sequence. The text helps translate the guiding theoretical perspectives of social justice, human rights, and critical social construction into purposeful social work practice. Six unique cases specially written for this series provide a learning by doing framework unavailable from any other social work publisher. Companion readings and many other resources enable this text to be the centerpiece for three semesters of practice teaching. Go to RoutledgeSW.com to learn more. This custom edition includes Chapters 6-9 for instructors teaching the second semester of a three-semester generalist practice sequence and is also available in e-book editions in a full range of digital formats.

Chapters 1-7: The Practice of Generalist Social Work. 2007. The four faces of nuclear terrorism. A new book from the Center for Nonproliferation Studies assesses the motivations and capabilities of terrorist organizations to acquire and use nuclear weapons to fabricate and detonate crude nuclear explosives to strike nuclear power plants and other nuclear facilities and to build and employ radiological weapons or dirty bombs.

The Practice of Generalist Social Work. 2004. Targeting the global business practitioner. This book bridges the gap between buttoned up culture textbooks and flippant how to guides about global business and communication. World Wise covers topics ranging from general etiquette to business philosophies in specific regions of the world. It is suitable both for the seasoned professional involved in international business hoping to sharpen skills and the newcomer to the global business scene. Denslow seeks to help the reader overcome common cultural misunderstandings and establish effective working relationships around the world.

The Practice of Generalist Social Work. 2014-01-21. Michael Crew and David Parker have compiled a comprehensive, up-to-date, and detailed analytical work on leading research issues in the economics of regulation with contributions from international specialists in economic regulation. The handbook provides a comprehensive discussion of major developments in both the theory and practice of regulatory economics. This book will be an indispensable source for both students and practitioners of regulation. The handbook begins by looking at the principles, history, and methods of regulation before turning to specialist themes including pricing and social welfare, regulating service quality, consumer representation, performance benchmarking, environmental regulation, calculating the cost of capital, information revelation, and incentives. The economics of access charging, regulatory governance, regulatory policy in developing countries, particular issues in the regulation of the telecommunications energy transport and water sectors, and the international handbook on economic regulation is essential reading for researchers in the economics of regulation and students of regulation on final year undergraduate and postgraduate degree courses. As a major reference work, it is of value and assistance to economists in regulatory offices, regulated companies, and government departments.

Chapters 6-9: The Practice of Generalist Social Work, Third Edition. 2006. Laminated quick reference guide showing step by step instructions and shortcuts for how to use Microsoft Project 2003.
